## INVITATION

### *Chapman Local Centre Forward Design Study & Cultural Plan*

**You are invited to attend a Drop-In Community Consultation regarding public place refurbishment at the Chapman Shops.**

Territory and Municipal Services (TAMS) is preparing for the future refurbishment of the public spaces surrounding the Chapman shops and a Forward Design and Cultural Planning Study is being undertaken.

Susan Conroy, Cultural Planner, has been engaged by TAMS to manage the consultation process and to seek social and cultural information that will help identify the values, interests and issues of the Chapman community. Redbox Design group will prepare a preliminary design for the public spaces surrounding the shops using information from the consultations.

Amongst the issues to be considered are: opportunities for improving the landscape, paths, plantings; public safety and security needs; measures to help people move easily around the shops; improved lighting, street furniture and signage. Proposals for water sensitive urban design may also be considered.

You are invited to meet with the design and consultation team at a 'drop-in' consultation as follows:

#### COMMUNITY DROP-IN CONSULTATION

**Date:** Saturday 24 November 2012  
**Time:** 10.00 am – 12.00 pm  
**Where:** Chapman Shops  
Perry Drive  
Chapman
