With the Bushfire season for 2018 well underway already,
Weston Creek Community Council asks....

ARE YOU BUSHFIRE READY?

While many Weston Creek residents experienced the 2003 Bushfires firsthand, newer residents may not be fully aware of our local Bushfire threat. Last months' Bullen Range fire serve as a stark reminder of the threat that dry, crisp conditions pose. It is very important to have a good understanding of what might happen in the event of a Bushfire and how to deal with it.

Weston Creek Community Council invites all residents to attend a special

Bushfire Ready WCCC Meeting
Wednesday 28 November at 7.30 pm
Chapman Primary School
Perry Drive Chapman.

Speakers include:

Justin Sharples - UNSW

Justin will present information on how fire behaves and the issue of how fire does not always spread at a steady rate or in one direction only. He will speak about fire behaviour with particular reference to the geographic area adjacent to Weston Creek.

Greg Potts - ACT Rural Fire Service

Greg will outline how to prepare and plan for a fire event including:

- Preparing your personal plan – do you stay or do you go?
- Preparing your home – making your house safer
- Bushfire alert levels
- Emergency contacts
- Your community – how can you get involved or volunteer

Come along and join in the discussion on personal and community safety in the event of a fire.
The key is to be prepared and have a plan!
